BECAUSE EVERY NATION NEEDS TO KNOW HIM

Opportunity for Partnership

As God expands His work through us and as our family is getting older, our budget and cost of living are ever increasing here in Germany. This August, we have all 3 children in bilingual school. Brian is being called on to travel and minister more, and our ministry output with all that we do, run, oversee and give is also increasing. We also do a lot of hosting and hospitality, which runs our food budget considerably higher than normal.

We need an additional \$800 (700Euro) monthly.

This could be 8 people giving \$100 a month or 16 folks giving \$50 a month.

Would you pray about investing into the full time work we, as a family, are doing in Germany for the Lord?

“and the Lord added to their number daily...”

If the church is healthy and life-giving, it grows. Over the last months, we have been experiencing first-hand this truth. While endeavoring to build a healthy, life-giving church, we have watched growth, healing and transformation take place in lives of those in the churches—what a joy to witness this growth period! New Life Church, it's leaders, ministries, and campuses are experiencing God's grace. The Dance Studio, where we currently meet for New Life Oberursel, is now too small. Every week we have visitors walking in the door; many who have been waiting for a church like this to come. In kids ministry, it's grown from 9 kids in Kids Ministry one year ago to 33 kids belonging to just one campus alone! Families are coming because of the weekly children's church, and young couples are coming because we are actively equipping the church in their gifts and callings. Older singles are joining the church to find community and friendship; meanwhile, youth are coming because we are passionate about God. It is an exciting time! We recently had a baptism service as well. **Pray that we can strengthen the foundation, raise up more leaders, disciple**

those God has brought, and continue to reach more. We now have a new full time pastor-in-training for the next 2 years who will also launch a church plant. Also, we have a new Missionary family with 4 kids from the USA moving here August 27th, and a new Indonesian German speaking pastor coming to work

with us. Pray for us—for strength, wisdom and great grace! God is raising up a team, so that we can exalt his name here in Germany!

Update from our Network Conference in Tanzania

Last December when I traveled to Tanzania, I was wondering what the Lord wanted to do. Seeing and hearing what the Lord was doing, encouraged me to push in more and expect for further development of our network there. With that, we decided to hold another leadership conference in May. This time we had more than 50 leaders participate. From the first session on, we sensed a deep grace upon the meetings—God's presence was there in a powerful way. As we talked about developing healthy leadership, pastors, and families, an excitement was tangibly mounting. An expectation was rising that we would continue to strengthen the churches in the network AND multiply. We held a round table discussion about how many churches would be planted in the coming days. **Approximately 7 new churches were planted recently, with 10-15 more being planned for the next 1-3 years.** Every local community needs a vibrant, healthy expression of Christ's body, and that is for what we are praying, contending, and believing.

The Church Loved - the Story of the redeemed woman, her unborn baby, and homelessness

One year ago, a woman walked through the door of the pre-launch meeting for the new church plant in Frankfurt. She had been 12 years working the nights in Frankfurt, but God had just rescued her out of that life. She had been asking God, "what next?" when she heard worship music coming from our worship time on her street. Our church has loved on her and her teenage son. When she became pregnant in the fall last year, she thought the church and God would never forgive her for sinning again. She planned to abort. But Janine pleaded with her not to destroy this new life. Because of the pregnancy, she lost her new job and thus her apartment. Pregnant and with a teenage son, her situation became critical. But the church, pastors and Janine rose up and housed them, fed them, clothed them, and supported them in innumerable ways. Today, this family has a beautiful apartment and a beautiful baby girl that they have named "Janine" after the one among others, who has walked with them through this challenging season. During this time, her teenage son found Jesus—Hallelujah! To God be the glory!

"Deeper" Worship and Prayer Nights Preparing a place for people to go deeper in God

Our Sunday church services are intentionally missional and accessible for the seeker, new Christian, and long time Christian alike. We saw the need for a venue where Christians could go deeper in God through extended time in prayer and worship. We started our "Deeper" services. The response has been incredible; its doubled in size in just 2 meetings. It is quickly becoming an interdenominational venue where people can experience God's grace and power.

New Open Door in Fall 2018: Our network of churches in Frankfurt have been welcomed to host and support the international university students arriving in Frankfurt this fall. Pray that God helps us to make an impact in the nations!

Personal Note: Brian's parents, Terry and Marilyn Weaver, moved back permanently to the US in July of this year. They had been serving 5 years here in Germany. We will miss them greatly. Please pray for them as they transition back to the States.

**Thanks for the love, prayers,
and support!!
You make the difference!
