2017 Update

When Frank returned to Malawi in April, he was amazed at the spiritual growth within the people in our main church body in Blantyre. Frank had spent six months encouraging the people and teaching them about who they are in Christ and that God loves them just as much as anyone in the west. In Malawi, the people think that God will only prosper people in the U.S. or western Europe, and that the only way that they in Malawi could prosper is if the wealthy people give to them. The church members took to heart the Word and encouragement Frank had spent months teaching them. After all his encouragement and teachings that God expects them to personally trust God for creative business ideas, several people in the church started new businesses, and the people are growing in their own knowledge and trust in the Lord.

Frank has also been teaching about the Holy Spirit. After preaching on the Baptism of the Holy Spirit one Sunday, a girl gave a testimony about how she saw Jesus on the throne at the front of the room, and she saw angels in each corner of the room. The Holy Spirit swept through the room as the people cried out to the Lord for more of Him and the Baptism of the Holy Spirit! Yes, Lord!

Harvest Time

We are privileged to live with our Malawian Pastor and his family. It is a blessing and unique opportunity to live within a culturally native family. They have become our extended family. May is their Fall harvest and Frank was able to help our family bring in their maize (corn) harvest. The children were out of school for their Fall break which is timed so that the children are able to help in the fields. It was an experience to see how corn is harvested, prepared, and stored for the next year—all by hand.

Catching a Ride For Village Ministry

About

Frank and Mary Zychowicz are directors of Heart of Stephen Ministries (HSM) and missionaries with World Outreach Center, Fort Mill, SC. They have served as missionaries for 16 years. After living and working in Poland from 2003—2004, they have actively ministered in several other countries. In 2013, Frank and Mary based their ministry in Blantyre, Malawi, Africa. They serve in partnership with a local pastor and his wife who have a church in Blantyre (Pentecostal Pillars of Fire) and 12 other churches located throughout Malawi, Mozambique, and Pakistan. The mission of HSM includes food and sustainable provision for widows, orphans, and vulnerable children. Through servant-leadership and discipleship training, it's our goal that each church become fully equipped to become a Center of Hope and able to meet both the spiritual and the physical needs of their village or community.
