

ABIDE IN HIM

If anyone is in Christ he is a new creation

<http://gebetszentrum.org>

The Prayer Center is growing in the city of Karlsruhe, Germany. We are seeing many people coming to the prayer sets and being blessed in an environment of prayer and worship. We are serving in this ministry by leading a weekly Israel prayer meeting with live music. God has been releasing His heart for Israel to us in a real tangible way and we are seeing many people stirred to pray for Israel to come to faith in Jesus.

We are also a part of a weekly Song of Solomon worship set, a rich time of learning about God's rich love song that He sings over His people.

We lead a meditation group. And of course last but not least we have the weekly outreach set. In this set we wait on God for 30 mins and hit the streets for 90 mins while intercessors pray for the outreach. These times are powerful and God doesn't cease to amaze us with His answers to prayer.

Outreach Seminar

We have had a powerful few months where God has been moving through His body in the city of Karlsruhe, Germany. We just recently had an outreach seminar at our house of prayer where we instructed those who came in the basics of sharing the gospel, hearing God's voice for strangers, and ministering healing. Then we took to the streets with our group of nine students and six staff leaders. We had amazing things happen! We had believers with us who had never seen people healed by Jesus on the street. For instance there was a group of women celebrating a bachelorette party and one of the women in the group had back problems with pain. One of our students prayed for her and she was completely healed with no pain!

We also ran into a 19 year old US Army soldier named Birchum and shared the gospel with him, he became so convicted of his sin that he surrendered his life to Jesus and experienced a washing and cleansing of God's powerful love. He said he was so messed up by the encounter that he would never forget what had

happened today!

We also shared the gospel with Marino and warned him to stop worshipping Mary and praying to statutes because this idolatry will lead him to hell. Then the Lord also gave us some words of knowledge for him about his younger brother and his relationship with him. We prayed for him and the presence of the Holy Spirit touched him so powerfully that he was moved to tears. He was so moved that he wanted a card from the church that one of our students attended so he could come to worship Jesus!

The next day after the seminar Martin from Iraqi got baptized in a small river of our city. He owns a barber shop in town and is now a follower of Jesus. Jesus is on the move touching lives and bringing the nations to Himself and it is so awesome to be a part of it!

Also we as a family have an amazing testimony of provision! Somebody gave us a car! It only has five seats but it means that we can go shopping without a bike and trailer! Please consider partnering with us to cover our expenses and or give for a needed van here as we are in need of more room to travel all together.

Please give online at worldoutreachcommunity.org via Pay pal, Give by mail: to World Outreach Center P.O. Box 34, Fort Mill, SC, 29716 Zach & Natalie in the memo line.

For all those who have given we thank you for your generosity towards the work of reaching the nations with the gospel.
