## Our Vision

God has called us as a family to Germany, in the heart of the European Union. With 18 years of missions experience (8 years residentially in Tanzania, Africa), passion for reaching young people for Christ, backgrounds of church planting and disciple-making, and hearts set on bringing worship to the King, we believe that God has prepared us to help mobilize the church and to strengthen the body in Germany while reaching the lost in their society with the Love of God.

We are going to serve, love and equip!

# EUROPE NEEDS JESUS!

# The Mission

*Past, Present, & Future*

*We cannot forget those fields that were once sending nations but now have become almost as pagan as the nations that they sent missionaries to hundreds of years ago.*

## Tanzania

1998-2012 (14 yrs)

- Church Planting
- Evangelism
- Discipleship
- Bible College
- Leadership Training
- Education Project
- Worship/Drama

### Looking to the Future:

*We will continue to advance Antioch Missionary Bible College in Mtwara and train leaders to reach unreached villages and plant new churches.  
Loving the Lord, Loving the Nations*

## Germany

*With the trajectory of negative growth of Christianity in Europe, the time is now for partnership to come along side and serve the nations that were the foundations of revival, and reformation. Germany much like many other European countries has been in a steep decline for some time. A large part of Germany in many ways is unreached. Now is the time for the church in America to serve and stand with them to see a fresh renewal.*

*For some, the prospect of doing missions in the European context is difficult to understand, but the reality is there are hundreds of millions of Europeans that do not have a genuine personal relationship with Christ. Our desire is to mobilize another generation of radical evangelists, church planters, and innovative leaders to effectively engage and reach the present generation with the transformative message of the Gospel.*
